

-  "John's skills, knowledge, and dedication exceeded our expectations."
-  "Through explanations of why, providing innovative solution options, and precise deployment tasks lists are but some of John's trademarks."
-  "Within budget and time constraints, we were able to complete complex upgrade projects and implement innovative solutions."
-  "John's consultations were instrumental in our success. We will continue to utilize John's exceptional talents in our future projects to ensure maximum project ROI."

-- Eric Tu, Architect, The College Board

The College Board is a not-for-profit membership association whose mission is to connect students to college success and opportunity. Founded in 1900, the association is composed of more than 5,400 schools, colleges, universities, and other educational organizations. Visit The College Board's website at <http://www.collegeboard.com>.

John Henley has over 15 years of consulting experience in the IT industry--spanning multiple industries, including healthcare, government contracting and professional services. He holds an undergraduate Business Administration degree from James Madison University and a Masters in Information Systems from George Mason University. He worked for one of the largest software companies in the world before founding Decision Analytics in 1990. Decision Analytics, based in Arlington, Virginia, provides technology consulting and software development services, with a primary focus on Lawson Software products.
